IT'S SO EASY TO FIND WHAT YOU NEED

Whether while browsing or via the product search function: as the result, you will arrive at an article list. This contains detailed product descriptions and the price per piece for the relevant product. **The higher the order quantity, the lower the unit price.** In the article list, simply click on the relevant symbol to transfer the required product into the Shopping Basket or the Watch List.

WATCH LIST

Use your Watch List to store selected products. This enables you to retain an overview of interesting products for future orders.

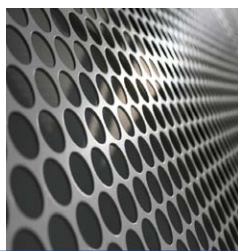

YOUR ADVANTAGES AT A GLANCE:

- Quick and easy online ordering around the clock
- Immediate price information
- Numerous search and filter options simplify prompt access to the desired product
- In the Watch List, interesting products can be saved for ordering at a later date
- Order History for fast repeat purchases
